The Easy-Flag Drop is a flag with the same features of the classic one but with a "drop shaped" flag, 100% made of polyester. Its complete kit is delivered in a strong polyester bag with a zip including the screw to fix it on soft grounds, advertising flag, anodized aluminium poles and flexible spring steel tip. Thanks to its structure it stays perfectly tight even with no wind. You can also order just the flag.

- Easy and quick to assemble
- Customized flag
